COMPANY NAME	DESCRIPTION	FUNDING	VALUATION	EMPLOYEES	COMPANY NAME	DESCRIPTION	FUNDING	VALUATION	EMPLOYEES					
ETHERISC  Token Ticker: DIP Sub-Category: Insurtech	Etherisc's mission is to build decentralized insurance applications, making the purchase and sale of insurance more efficient, enabling lower operational costs, increase transparency of insurance compared to traditional operations, and democratize access to reinsurance investments.	\$3,644,240 ^{IB}	\$25,000,000 ²	1 ^{Li}	Modum  Token Ticker: MOD Sub-Category: Transport & Supply Chain	modum.io sensor devices record environmental conditions while physical products are in transit. When a change in ownership occurs, the collected data is checked against a specific smart contract in the blockchain. This contract validates that the transaction meets all of the standards set out by the sender, their clients, or the regulator and triggers various actions. The first product of modum.io offers an efficient system to comply with recently tightened regulatory requirements for the transport of medicinal products for human use in the European Union.	\$13,350,000 ^{IB}	\$3,853,698 ^{CMC}	33 ^{Li}	Utopia Music  Token Ticker: N/A Sub-Category: Media & Entertainment	Utopia Music creates platforms so everyone can understand, use and benefit from the power of data.	\$12,000,000 ^{CC}	\$90,000,000 ^{CC}	8 ^{Li}
SmartContainers  Token Ticker: SMARC Sub-Category: Transport & Supply Chain	Smart Containers develops, builds and rents out airfreight containers for medicine & food transports. We combine cutting-edge technology and IoT sensors in a logistics ecosystem on blockchain.	\$15,420,000 ^{IB}	\$15,420,000 ¹	6 ^{Li}	4ARTTechnologies  Token Ticker: 4ART Sub-Category: Art	4ARTTechnologies sets a new standard for the global art world. Combining patented and cutting-edge technologies, 4ART brings together all art market stakeholders. Their „Augmented-Authentication-Technology“ allows users to create a unique digital fingerprint of virtually any artwork using their smartphone and secure the fingerprint and provenance across generations with the Blockchain. This foundation for future use cases permanently links the digital information to the physical object and allows for the creation of digital condition reports, certificate transfers and many vital tools of the art trade. 4ARTTechnologies brings the digital revolution to the arts, making everybody's work easier, faster, secure and cost-efficient.	\$40,000,000 ^{CC}	\$180,000,000 ^{CC}	22 ^{Li}
