

COMPANY

Ambitorio

AMBITORIO acts as an intermediary between digital products and their physical implementations and as a provider of the secured business platform. Our technology makes digital products tangible and business processes secure.

COMPANY

Sibex

Sibex, the Zug-based startup with offices in China and Hong Kong is offering a decentralized peer-to-peer cryptocurrency-trading platform. The startup has raised CHF 1.8 in its seed round from China-based Fenbushi Capital, SIX and Accomplix VC.

COMPANY

Amun

Amun makes investing in crypto assets as easy as buying a stock. Amun Index will be a listed ETP on the Swiss Stock Exchange and will give you access to diversified market-cap weighted and automatically re-balancing basket of the top five crypto assets.

COMPANY

Swiss Crypto Exchange

SCX (Swiss Crypto Exchange) is the first regulated Swiss exchange platform for blockchain products and crypto currencies. It offers the trading of Bitcoin, Ether and selected payment and utility tokens. The platform is SRO/VQF regulated and aims to provide safe, high quality and transparent access to blockchain-based products in a rapidly growing transaction market.

COMPANY

FICAS

FICAS is a leading crypto asset investment firm dedicated to leveraging science and AI-powered technology to actively manage more profitable returns on our clients' crypto investments.

COMPANY

Tallyon

A new private banking venture has joined the growing list of companies applying for licenses from the Swiss financial regulator. Tallyon aims to become a "next generation" private bank, riding the way of "radical change" in the industry.

COMPANY

Nash Exchange

Nash is a fintech company using blockchain as infrastructure for the digital finance space. Their products form an integrated financial services platform that is fully non-custodial. Users can invest in, trade and make payments with digital assets and at no point will Nash control their funds.

COMPANY

Holo.host

Holo provides a way to unleash the enormous idle capacity in everyone's computers. This gives them the power to build vibrant cloud hosting communities that will challenge how the Internet monopolies control our data and our interactions. Holo offers each of us the ability to participate by sharing, earning, and building the future of the web.
